

## **Lecturer in Evidence Based Medicine – School Medicine & Dentistry – Grade H**

---

### Job Description

#### **Purpose**

To contribute to the teaching, development, course management and scholarship within the School in the area of evidence based medicine and clinical research methodology.

#### **Duties**

1. To make a contribution to achieving the academic objectives in the School through teaching, research, and income generating activities.
2. To act as a module leader for identified modules.
3. To undertake administrative duties relevant to module leadership (administer course registers, assessment records, learning programmes and other records).
4. To engage with the recruitment of students onto courses and to provide appropriate advice on progression and career opportunities.
5. To adhere to quality assurance and enhancement systems to ensure high standards are maintained, alignment with regulatory body requirements, and the student experience is enhanced.
6. To contribute to the development of the School's commercial activities, including consultancy, training and funded projects.
7. To participate in research as an individual or part of a team.
8. To develop and consolidate contacts with industry/employers and other external organisations.
9. With regards to the nature of your role and its impact upon our students, make an active contribution to and support the improvement of the student experience.
10. To undertake any duties relevant to the School's activities and commensurate with the level of the post, as directed by the Dean of School
