

## **Lecturer in Prescribing – School of Pharmacy and Biomedical Sciences – Grade H**

---

### Job Description

#### **Purpose**

To contribute to academic development, course management, teaching, continuing professional development and scholarship within the School in the area of prescribing.

#### **Duties**

1. To support the development, delivery and assessment of prescribing knowledge and skills into the MPharm and Advanced Certificate in Independent Prescribing courses.
2. To make a contribution to achieving the academic objectives in the School through teaching, research, and income generating activities.
3. To act as a module leader for several identified modules.
4. To undertake administrative duties relevant to module leadership (administer course registers, assessment records, learning programmes and other records).
5. To engage with the recruitment of students onto courses and to provide appropriate advice on progression and career opportunities.
6. To adhere to quality assurance and enhancement systems to ensure high standards are maintained and the student experience is enhanced.
7. To contribute to the development of the School's commercial activities, including consultancy, training and funded projects.
8. To engage with external stakeholders including national, regional and local professional networks.
9. To undertake any duties relevant to the School's activities and commensurate with the level of the post, as directed by the Dean of School/Associate Dean/Deputy Associate Dean.
